Health and Social Care

Business and Studies

Information and Technology

Travel and tourism

English Language

You attain skills
that you take with
you wherever you
go.

Your study programme includes training, work experience, employability skills and relevant vocational qualifications.

- ▶ If you don't already have English and Maths GCSEs at grade 4 or above (or equivalent grade) you'll have an opportunity to retake so that you'll be ready for work or continuing your studies. You'll get valuable work experience in the real world as part of your study programme, where you can meet new employers and gain essential practical and interpersonal skills. You'll build and develop your CV so you are ready for work.
- ▶ Wherever possible, you'll have the opportunity to take part in work experience and industry placements. Our team will help you find a relevant, worthwhile placement and check that the employer is suitable and that it's a safe environment.

Health and Social Care

We've seen how pivotal the NHS and health and social care professionals are to the wellbeing of our nation. You could play a vital role in the future.

These courses are for you, if you're ready to gain recognised qualifications, relevant work experience and invest time and energy in making a difference in other people's lives.

You'll treat people with respect, championing their health and wellbeing whilst learning practical caring skills and developing your personal, teamwork and communication skills. You'll work to high professional standards, understand the importance of health and safety, clinical routines, policies and protocols and appreciate where the work of registered healthcare practitioners, authorities and other agencies begin. Our staff will support you in your training and career choices

YOU could be a...
Care Worker,
Social Worker
Nurse
Mental Health Support Worker
Rehabilitation Worker

Credits: 60

NVQ Level 3 in Health and Social Care is a dynamic and accessible programme tailored to meet the demands of today's healthcare and social sectors.

As an accredited course, it not only equips you with practical skills but also enhances your career prospects significantly.

The world of business is varied, fast-paced and at the heart of the global economy.

- ❖ Whether you want to start your own business, lead a company or pursue a career in business– it all starts with the fundamentals of business and management.

Business Studies

Learn what it takes to work in a business – from the bottom to the top. Our experienced staff will help you learn the importance of communication, organisational skills, team-work, and problem solving – critical skills in any industry

Information Technology

- ▶ Connect to the future and learn new things. Logical and computational thinking, digital innovations, problem solving, and innovation will be on your horizon.
- ▶ Your skills will be in demand, and you'll gain a solid understanding of how IT works and its applications. Your portfolio might include multimedia products, support systems, website and software development or networks, cybersecurity and system support.
- ▶ Our fast-paced world of 5G, cloud services, apps, AI, machine learning, edge computing and blockchain, internet of things, augmented and virtual reality, manipulating big data and robotic process automation will give you an array of options to choose from.

YOU could be a...
Programmer User
Support Technician
Web Designer

Travel and Tourism Travel might have taken a hit from the pandemic but airlines and tourism continue to be supported by governments keen to reinvigorate this sector.

If you're committed to a career in travel and tourism you'll get the key knowledge and principles to succeed, ready to start your career or continue your studies at university.

We'll boost your communication skills, help you develop your research, teamwork and presentation skills and improve your confidence

Language

ESOL OR ENGLISH

▶ **English for Speakers of Other languages (ESOL)**

▶ **Should I do an English or ESOL course?**

- ▶ This will depend on your background. If you went to school in the UK or English is your first language, **English classes** are for you. If not, then our **ESOL Classes** (see category above) could be more suitable.
- ▶ ESOL will help you get the essential skills needed for life and work in the UK.
- ▶ If your first language is not English, our popular and friendly ESOL courses will help you to develop your English skills in speaking and listening, reading and writing, preparing you for your life in the UK, helping you into work or to gain a qualification.
- ▶ We offer a range of daytime and evening courses at different levels to suit your needs.
- ▶ Courses are classroom based.

▶ **English**

- ▶ English courses can improve your communication skill, helping you progress in work and everyday life.
- ▶ Reading, writing, speaking, and listening are all skills needed by employers, so boosting yours will help you take the next step to a better job.
- ▶ All courses lead to a recognised certificate.

Maths

Maths qualifications are essential for getting a good job for moving on to further study at college or university. We offer a range of Maths functional skills courses which are delivered in the classrooms.
